The world of Ambar Sinslet is shaped by warmth, balance and refined simplicity.

Each fragrance and formula is carefully created to blend naturally into your daily life. Subtle, elegant and never overpowering.

Our collections move with you. From home to body and from calm mornings to intimate evenings. Always present and always refined.

At Ambar Sinslet, scent is not just a detail. It is part of how a space feels, how a moment is remembered and how everyday life becomes something a little more special.

Mission and Vision

At Ambar Sinslet, we believe that fragrance shapes the way a space feels and how moments are remembered. Our home fragrances are created to bring warmth, balance and refinement into everyday life.

Each scent is carefully composed to express character without overpowering. Soft enough to blend into your interior, yet present enough to leave a lasting impression.

Our collections are designed to complement both modern and classic spaces, adding a subtle layer of atmosphere that feels natural and effortless.

Always refined. Always inviting. Always yours.

A STORY SHAPED BY ATMOSPHERE AND DESIGN

Ambar Sinslet was born from a deep appreciation for craftsmanship, tradition and refined luxury. Inspired by rare ingredients and the art of fine perfumery, our collections are created to touch both the senses and the heart.

We believe that moments of change deserve to be celebrated. Our products are designed to accompany you through these transformations and remind you of their beauty and strength.

True luxury is found in attention to what makes life meaningful. From fragrance and skincare to jewelry and home atmosphere, every detail is chosen to enrich your everyday life.

The Scarab as symbol

The scarab has long been a symbol of transformation, renewal and resilience. It represents the strength to move forward, even when the path is not easy.

At Ambar Sinslet, the scarab stands for personal growth and the courage to carry your own journey. A reminder that challenges shape us, and that within every change lies the opportunity to evolve.

This symbol lives throughout our collections, not only as jewelry, but as a reflection of the spirit behind the brand.

Âme Marocaine

Âme Marocaine is inspired by the richness of Arabic Moroccan culture, where fragrance, warmth and hospitality are deeply woven into everyday life.

This collection reflects a sense of comfort, depth and elegance. Soft spices, warm woods and gentle sweetness come together to create an inviting and intimate atmosphere that feels both vibrant and calming.

Each scent is designed to surround you with warmth and character, transforming your space into a place of connection, reflection and quiet luxury.

Âme Marocaine is not only about how a fragrance smells, but about how it makes you feel. Grounded, welcomed and at ease.
